Soul at heart.

Rhythm without borders. / DJ, producer & MC / Vienna

ARTIST BIOGRAPHY

DJ Soulcat is a Vienna-based DJ, producer and MC. Rooted in R&B, his selections connect Soulful House and Latin House with Caribbean rhythms and Liquid Drum & Bass. House, Afro House, Global Bass, Afro-Latin sounds and Hip-Hop extend a repertoire shaped around the people on the dance floor.

His performance references include FM4 Unlimited at the Attersee promenade on 18 July 2026 and the HACOY Munich store opening on 31 May 2023. The links below provide performance material and event context for promoters.

FEATURED PERFORMANCE

Latin Tech House Mix | Hypnotic Grooves & Latin Club Heat. Published by MusicMasters League. The artist-selected video is the primary performance sample.

EMAIL MANAGEMENT

This EPK does not announce confirmed tour dates or an upcoming release.

PROFESSIONAL CLUB & FESTIVAL SPECIFICATION

TECHNICAL RIDER

Professional standard for club, festival and event productions.

ACCEPTED CLUB STANDARD

2 × CDJ-2000NXS / CDJ-2000NXS2 / CDJ-3000

01 MEDIA PLAYERS

- 2 × Pioneer CDJs of the same model:
- CDJ-2000NXS, CDJ-2000NXS2 or CDJ-3000.
- Fully functional, show-ready and running stable firmware.

02 DJ MIXER

- 1 × professional Pioneer DJ mixer, e.g. DJM-900NXS, DJM-900NXS2, DJM-750MK2 or DJM-A9.
- A DJM-A9 is not mandatory.
- Test all faders, EQs, cue channels and outputs in advance.

03 SIGNAL & PA

- Both media players and mixer must be fully wired and ready for use.
- Connect CDJs via LAN / Pro DJ Link wherever possible.
- Stereo XLR master output to a professional PA suitable for the venue.

04 DJ MONITORING

- At least one powerful DJ booth monitor close to the artist.
- Correctly aimed, clear and audible throughout the set.
- Independent monitor level control, separate from the main PA.

05 BOOTH & POWER

- Stable DJ booth: min. 160 × 60 cm; preferred working height approx. 90 cm.
- Secure space for equipment and personal items.
- Reliable, protected power supply and safely routed cables.

06 MEDIA & PLAYBACK

- DJ Soulcat performs from USB drives / Rekordbox-compatible CDJs.
- Personal DJ headphones will be provided by the artist.
- No laptop required when the specified club setup is available.

SHOW DAY & HOSPITALITY

Seamless production. Reliable conditions. Full focus on the music.

07 ARRIVAL & SOUNDCHECK

- Access to the assembled DJ setup at least 30 minutes before the set.
- A short line check / soundcheck before the performance.
- A technician must be available for line check and at set start.

08 OUTDOOR & SAFETY

- For outdoor shows, provide protection from sun, rain and wind for artist and equipment.
- Position the booth away from audience traffic routes.
- Keep cable routes and technical access safe and clear.

09 HOSPITALITY

- Still and/or sparkling water plus 1–2 non-alcoholic beverages.
- Coffee or an energy drink if available.
- For longer engagements, a snack or warm meal; secure space for bag and jacket.

10 TRAVEL & LOGISTICS

- Share the exact venue / load-in address and nearby parking arrangements in advance.
- Provide artist check-in, backstage, accreditation and access details.
- Share an on-site contact person and phone number.

PRODUCTION CHECKLIST

Please confirm the following in writing before the event:

- ☐ **CDJ / mixer models**
- ☐ **Set time & artist arrival**
- ☐ **Venue / load-in & parking**
